## CROUSE-HINDS SERIES

# Signalling Bells AWS and AWSL

Corrosion-resistant signalling devices for indoor and outdoor use

## Overview

The AWS Signalling Bells are used for clear calling, reporting and warning purposes if a high-pitched bell sound shall stand out clearly against ambient noise. Different dome sizes enable an ideal signalling.

The AWS Signalling Bell with integrated call voltage relay is used for signalling purposes as secondary telephone sounder.

The AWSL Slow-stroke Bell allows a continuously adjustable stroke frequency of 30 to 90 strokes per minute.

The housing consists of corrosion-resistant, coated die-cast aluminium. The stainless steel bell dome is also protected with a corrosion-resistant coating.

## Features

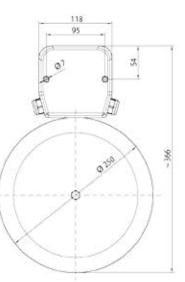

- Multi-stroke and single-stroke signalling bell, Slowstroke signalling bell with adjustable stroke rate between 30/min. and 90/min
- Various flat domes
- Signalling bell AWS with call voltage relay
- Volume approx. 105 to 110 dB(A)
- Ingress protection IP 55
- Continuous operation

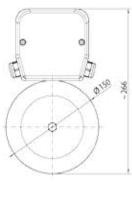

#### Specifications

Housing	Corrosion-resistant aluminium die cast with dark grey varnish			
Bell dome	Steel flat dome, light grey			
Ingress protection	IP 55 according to EN 60529			
Protection class				
Cable glands AWS AWSL	2 x M20 1 x M20			
Connection terminals	Terminal capacity: 2.5 mm <sup>2</sup> fine-wire 4.0 mm <sup>2</sup> single-wire			
Volume	Approx. 105 dB(A), 1 m with 150 mm dome Approx. 110 dB(A), 1 m with 250 mm dome (in 1 m distance)			
Stroke frequency AWSL	Adjustable between 30 and 90 strokes per minute			
Operating mode	Continuous operation			
Operating conditions	Indoors and outdoors			
Operating position	With striker facing downwards			
Temperature range	-25 °C to +60 °C			
Weight	Approx. 1.8 kg with 150 mm flat dome Approx. 3.3 kg bei 250 mm flat dome			

### General arrangement drawing (all dimensions in mm)

#### **Ordering data**

Туре	Designation	Input voltage	Model	Current consumption	Art. No.
AWS	Signalling Bell with call voltage relay	230 VAC	150 mm flat dome	0.05 A	FHF 211 645 07
AWS	Signalling Bell with call voltage relay	230 VAC	250 mm flat dome	0.05 A	FHF 211 647 07
AWSL	Slow-stroke Signalling Bell	230 VAC $\pm$ 10 %	150 mm flat dome	0.05 A	FHF 211 648 07
AWSL	Slow-stroke Signalling Bell	11.5-33 VDC	150 mm flat dome	0.32 A	FHF 211 648 13
AWSL	Slow-stroke Signalling Bell	230 VAC $\pm$ 10 %	250 mm flat dome	0.05 A	FHF 211 649 07
AWSL	Slow-stroke Signalling Bell	11.5-33 VDC	250 mm flat dome	0.32 A	FHF 211 649 13
