

Large Body HDMP3-SO

HDMP3-SO Series

Heavy-duty Vacuum Sealer with Wide Jaw Opening

Built to handle the big jobs and the toughest materials in seal lengths up to 60" for virtually any product packaging.

Small Body HDMP3-SO

Flexibility

This heavy-duty sealer has the power and control to handle virtually any sealing, vacuum sealing or modified atmosphere packaging application. Built with industry leading seal pressure to seal the toughest materials from 20" to 60" wide. The HDMP3 is designed for use on a table-top, a stand or in a full vertical position over a conveyor to maximize production.

Performance

The 4" wide jaw opening speeds production allowing the operator to easily position the package in the seal jaw area. Production flexibility all in one machine: five selectable seal modes including gas flush, selectable upper and lower heat, and optional preset recipes. Simple full digital PLC controls with touch screen enable operators to be trained in minutes and offer consistent operating performance.

Safety

Standard safety features include safe low-pressure jaw close, emergency stop button, and thermal overload protection.

Customer Service

Our dedicated sales and technical support teams are knowledgeable and ready to assist you when you call about your application. We work to set the industry standard for responsiveness and service to both existing and new customers.

Built-to-Last Reliability

Accu-Seal machines are designed and built with the highest quality components and manufacturing techniques to ensure unmatched product quality and many years of reliable, trouble-free service. Accu-Seal machines are all designed for easy installation, operation and maintenance.

Two-Year Limited Warranty

We are confident with the quality and reliability of our products and offer a Two-Year Limited Warranty for most Accu-Seal machines. For further details please contact the Accu-Seal sales department. Accu-Seal machines are designed and manufactured with pride in the USA.

Equipment Specifications

BUILT-IN FEATURES

- Full Digital, High-Speed, PLC Controller with Color enhanced LCD Touch screen HMI.
- Full 4" Wide jaw opening
- Jaw Obstruction Alarm
- NEMA Stainless Steel Enclosure:
 - Laser cut and welded seams allow for cleaning and resists the effects of harsh biocides
- Upper & Lower Heating elements (1/4" standard)
- High Pressure Seal Jaws for sealing difficult materials
- Electronic Footswitch Activator

Full Vertical Position Machine Stand

Optional pneumatic bag

SAFETY FEATURES

- Safe Low-Pressure Jaw Close
- Thermal overload protection

CLEANROOM FEATURES

- Non-Particle generating Venturi Vacuum Generator
- Isolated Exhaust Ports

OPTIONS

- Multiple Seal Recipes (6)
- Product Support Tray
- Bag Stretcher
- Stand: Multi-position or Full Vertical
- Seal Width: 3/8" or 1/2" (may require 220v)
- CE Certification
- 220 VAC (required for 35", 40", 50" and 60" models)
- Exhaust Silencer

SPECIFICATIONS

- Seal Length:
 - 20", 25", 30" (Small Body)
 - 35", 40", 50", 60" (Large Body)
- Seal width: 1/4" Standard

REQUIREMENTS

- Power:
 - 20", 25", 30" Seal Length: 120 V, 20A / Optional 220V
 - 35", 40", 50", 60" Seal Length: 220 V Only
- Compressed Air 1.5CFM@80PSI
- Case Size:
 - 15" w x 14" D x 12" H (Small Body)
 - 30" w x 14" D x 12" H (Large Body)
- Seal Bar Length: Seal length + 4"
